Message from the Berkeley Rotary Club

We (Berkeley Rotary and Grier and Linnea Graff and the list goes on) are proud to be associated with the New Orleans Rotary in the recovery and rebirth of Warren Easton High School. We regrettably will not be able to attend the opening day of school. This is one of those moments when we see the real reasons for all the hard work the last two years. Yes, "we do it for the kids". If ever there was a school where kids get a chance to excel - Warren Easton has been that and continues.

It was exciting to have the students around this summer as we worked, reminding us (silently) who the beneficiary really is - the next generation.

Every week at Rotary, someone mentions to me the great experience they had working and playing in New Orleans. It truly is a life changing experience to give as a group for such a worthwhile project. Thank you all for letting us be a small part of the success.

Again, on behalf of the Berkeley Rotary Club, the project team and all the volunteers, THANK YOU and HAVE A GREAT YEAR. GO Eagles!
